The Chiles family

Making a splash in this year's parade is Boulder, a sleek XO270 that brings equal parts serious speed and pure comfort to the River Dart!

Crewed by the Chiles family—seasoned Dart sailors who have called these waters home for over 25 years—this striking craft currently sits high and dry in Noss Marina, following many happy years based at Dart Marina, Now Noss.

Whether she's charging through big coastal seas out the mouth of the Dart to the skerries and round Start Point or putting down the anchor at Hallsands for a swim, or lazily meandering upriver for a pint at the Ferry Boat Inn, a waterside stop at the Maltsters Arms, or all the way up to Totnes, Boulder is the ultimate all-rounder.

Keep an eye out for the Chiles crew today as they swap offshore thrill-seeking for a calm, Dartmouth Regatta River Cruise!
