

Clio

Entry No. 34

Vessel Type	Not provided
Skipper / Captain	Rob Van Es (owner)

Clio's hull was originally auctioned from Devonport Dockyard as Clinker Launch 10, where she served as a rowed foot passenger ferry at Newton Ferrers. Bought as a derelict vessel in 1999, she was lovingly converted to steam by owner Rob Van Es and is now part of the South West steam boat community. Today she joins the parade under her own steam.
